Work experience

Career break for personal reasons

Nov 2023 – Present

Berlitz Corporation, Manila — German Teacher (DaF)

May 2023 – Nov 2023

ThoughtWorks, Berlin — Senior Software Consultant / Developer

Aug 2019 - Apr 2023

As a Full-Stack Developer for an eCommerce client:

Developed a new analytics platform, including both frontend and backend, using React-TS and Spring Boot. Data stored in PostgreSQL, hosted on AWS.

As a Full-Stack Developer for an automotive client:

Enhanced a logging and search platform with a Vue.js frontend, a GoLang-based microservice, and an ELK stack for data processing and visualization. Infrastructure managed with Terraform, hosted on Azure.

As a Senior Full-Stack Developer for a warehouse logistics client:

Improved a platform for monitoring machines using React and GraphQL on the frontend, GoLang as a microservice, and SQL via PostgreSQL. Managed with Terraform, hosted on AWS.

As a Senior Data Engineer for a Big Data client:

Modernized and migrated an analytics platform for processing large data volumes in Python. Data ingestion via Pub/Sub, with infrastructure managed as IaC using Terraform on GCP.

Adlers Auge, Düsseldorf — Owner

Aug 2013 - Nov 2014

D-Tec Industriedesign GmbH, Düsseldorf —
Apprenticeship as an industrial clerk / sales representative

Jan 2011 - Jun 2013
